

# "Morning Fog on the Cape"

The artist, Merrill E. Coffin, who resides in Jamestown, N.Y., is widely known for his sense of realism and execution of detail.

His marine art has received numerous awards and is soon to be published in "Yankee" magazine.

We wish to express our gratitude to Mr. and Mrs. Robert Poissant of Williamsville, N.Y. who graciously loaned the original painting for this lithographic reproduction.

This is the second print in a limited edition series. Each print is numbered and hand signed by the artist.
